

## Ann vonHoorn, Painting and Photography

Ann enjoys painting and photographing nature and earned a BFA from Manhattanville College in both areas. She enjoys capturing the natural world around her wherever she is, flowers, trees and seashore, both up close and wide vistas.

After retiring from teaching art in Somers, New York, she moved to Cape Carteret, North Carolina with her husband and their mini-poodle. Both she and her husbands have exhibited in New England and North Carolina.
